

**CITY OF LAGUNA NIGUEL
MEMBER OF THE CITY COUNCIL**

MIKE WHIPPLE

AGE: 61

OCCUPATION: Councilman, City of Laguna Niguel/ Municipal
Financial Advisor

For the last four years I have been working for improved public safety, clean water, conservation planning for the Great Park and strong partnerships with our local schools.

I came onto the City Council after working to defeat the El Toro Airport. I served on the Advisory Board of Taxpayers for Responsible Planning and the Committee for Safe and Healthy Communities, represented my homeowners association as a delegate and Executive Committee member to Clear the Air/No Jets. I was also the Laguna Niguel Leader of the Measure F and W campaigns.

My wife, son, daughter and I moved to Laguna Niguel in 1974. I have been an active community volunteer even since, including Little League, AYSO and YMCA. In 1999, I was named Laguna Niguel Citizen of the Year.

Professionally, I am a Municipal Financial Advisor with over 30 years professional experience. A Civil Engineer by training, I earned my BS from California State University, Long Beach and my MBA from UCLA.

I pledge to continue our efforts to keep Laguna Niguel one of the safest cities in America. Working together, we will preserve Laguna Niguel as a great place to live, work and raise a family.
